

## Specification Detail of Model LW168SEU

| <b>Specification</b>                                   |   |
|--|---|
| Product Model  | LW168SEU                                  |
| Storage Capacity                                       | 450L                                      |
| Overall Wine Bottle Capacity (750ml Standard Bordueax) | 151                                       |
| Installation Type                                      | built-in or freestanding                  |
| Color/Finish   | black cabinet                             |
| Primary Material                                       | metal, stainless steal, glass, wood, wire |
| Door Style   | double pane, tinted                       |
| Cooling System   | compressor                                |
| Defrost System   | frost free                                |
| Anti-Vibration Technology                              | Yes                                       |
| Ventilation Location                                   | Front                                     |
| Fan Type   | Interior                                  |
| Humidity Control                                       | >65%                                      |
| Integrated Lock  | Yes                                       |
| Quiet Operation  | 41 db                                     |
| Stain Resistant  | antirust coat                             |
| Odor Resistant   | activated carbon filter                   |
| Leak-proof   | water pan                                 |
| Power Input  | 150W                                      |
| Voltage  | 220-240 volts                             |
| Frequency  | 50Hz                                      |
| Amperage   | 0.9 amperes                               |
| Estimated Yearly Electricity Use (kWh)                 | 202                                       |
| Country of Origin                                      | China                                     |
| Refrigerant  | R600a                                     |
| Interior Light   | Yes                                       |
| Bulb Type  | white LED                                 |
| Adjustable Feet  | Yes (From 0 to 10mm)                      |
| <b>Temperature Specification</b>                       |   |
| Temperature Zones                                      | single zone                               |
| Overall Minimum Temperature                            | 5 degrees C                               |
| Overall Maximum Temperature                            | 22 degrees C                              |
| Wine Bottle Capacity                                   | 151                                       |
| Temperature Display Type                               | touch screen                              |

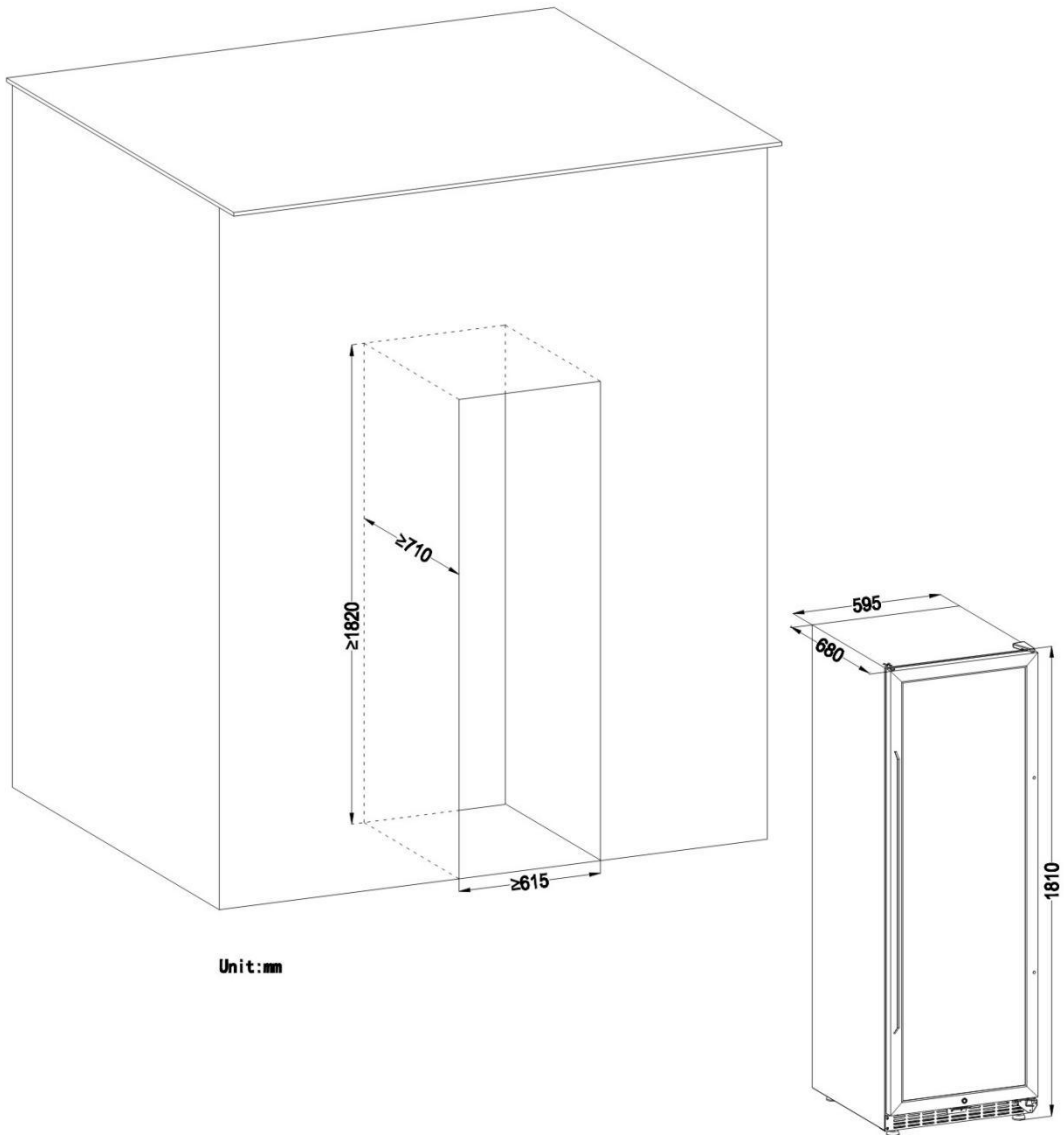

| <b>Doors</b>                                 |                               |
|--|-------------------------------|
| Door Handle Design                           | external                      |
| Door Swing Orientation                       | left                          |
| Number of Doors                              | 1                             |
| Door Material                                | tempered glass                |

| Hinge cover                        | 1 pc                           |

### The Smallest Space Left for Installing LW168SEU

### Storage Capacity

The bottle capacity is for standard Bordeaux 750ml bottles which are approximately 2.75" in diameter. Storing large and/or oddly shaped bottles (including champagne and sparkling wine bottles) should remove at least 1 shelf (shelves is removable) and will decrease the number of bottles you are able to store in your wine cooler.
